To whom it may concern,

This letter is being written on behalf of Family Lifeworks that has been working at Rainbow Tree with the Building Strong Families program for the past school year. It is my desire to impress upon you the fact that we have seen many benefits from having the program as a support for our families.

Family Lifeworks comes to our campus once a month for the parent sessions, they have shown a positive attitude towards the program and are eager to participate in these sessions making very positive statements as they exit after each session.

The Family Lifeworks Program at our school has shown us a way to address parents in a very practical way on the development of human virtues that are necessary to live in a society.

I highly recommend the Family Lifeworks Program for other schools or institutions that desire to tackle the tough issues that we face in today's world. They have been flexible, reliable, and determined to work within our limitations and timeframes. If you have any questions about how the program has worked for our institution, please feel free to contact me at

KIND REGARDS,

DIANA QUINTANILLA  
CENTER DIRECTOR
